

MAXIMIZE ACCESS TO TALENT

ShiftWise Supplier Management Technology

Focus on patient care with more time and less costs.

Managing suppliers is time-consuming and stressful. Spend more time on your patients and less time on administrative tasks with reduced and managed supplier interactions. Save valuable time, reduce supplier costs, and manage your facility smarter with ShiftWise.

Meet ShiftWise.

ShiftWise offers a modern, intuitive vendor management system (VMS) that rises to the challenge of your ever-changing staffing and supplier needs, so you can focus on making a positive difference in delivering care.

Bill Rate Management

Ensure fair and competitive rates with negotiations on behalf of your hospital.

Vendor Pool Management

Work with the suppliers and vendors who work best for your facility.

Strategic Staff Plan (SSP)

Ensure optimization with supplier analysis and review of performance metrics.

Contract Management

Reduce administrative burden with the issuing of supplier agreements on behalf of the hospital.

Insurance Compliance and Housing

Reduce risk and liability with supplier COI management on behalf of the hospital.

Staff Evaluations

Track staff and supplier performance through aggregated evaluations used to create scorecards.

1

Option One

ShiftWise provides follow-up on evaluation cadence and completion, ensuring evaluations are completed per customer request.

2

Option Two

Evaluations are completed within an application, and self-managed.

Unparalleled change management and ongoing support from ShiftWise.

Control Costs

Ensure you always pay fairly and competitively with expert price negotiations.

Improve Relationships

Manage suppliers professionally and proactively to improve working relationships.

Save Time

Spend less time dealing with suppliers and more time focusing on quality patient care.
