COVID-19 VACCINE ADMINISTRATION

LET THE NATION'S PREMIER TALENT PARTNERSHIP ASSIST WITH PLANNING AND EXECUTION

Our Integrated Talent Solutions partnership is unique in its ability to manage, administer and support your vaccination process, including providing a complete range of interim leadership, clinical and non-clinical staff.

You can trust us as you navigate the next step in the pandemic – administering COVID-19 vaccines to those in your communities as well as your employees.

No matter where you are in the process, we have the talent you need for a successful rollout. Here are some examples:

CLINICAL ROLES <small>(All qualified to administer vaccines depending on the state in which you are located)</small>	NON-CLINICAL ROLES
Registered nurses (RNs)	Call center/customer service representatives
Nurse practitioners (NPs)	Data entry specialists
Licensed Practical Nurses (LPNs)/Licensed Vocational Nurses (LVNs)	Helpdesk professionals
Medical Assistants (MAs)	Medical coders
Pharmacists	Medical schedulers
Dentists	Tech support professionals
Phlebotomists	

WE ALSO OFFER THESE SERVICES:

- The **Open Talent Marketplace** is available at no cost to you, providing access to a national network of over 900 suppliers. These suppliers submit pre-screened, interested and available candidates, matched to your specific criteria, speeding time to fill.
- **Language Services and 3,000+ medically qualified interpreters** are prepared to remove communication barriers between your care providers and patients.
- **Vaccine Scheduling Services** can be live within 7 days, providing the ability through our technology to quickly build and manage schedules, identify gaps and match resources, and communicate to all staff. We also provide complete schedule management to take that burden off you.

The Integrated Talent Solutions team stands ready to assist in creating a plan to inoculate those you serve, as well as your full-time and contingent staff. For more information, please visit AMNHealthcare.com/ITS.
