

The Flex Pool Solution from AMN Healthcare

Lack of resources makes the challenge of planning staffing across an organization difficult. Traditionally, float pools have been restricted to one facility.

Leverage the anytime, anywhere talent of AMN to manage and deploy dedicated staff across your organization as they are needed.

The AMN Flex Pool Solution provides your organization with qualified healthcare professionals willing and able to work in multiple units and locations. Managed and employed by AMN, these flexible caregivers deliver the ease of working with a proven partner and the assurance that they are dedicated to your organization.
