The ICD-10 Changeover - Potential for Problems Still Ahead

The long-anticipated ICD-10 changeover implemented last October wasn't as rocky as expected. "No-drama rollout" and "relatively smooth transition" were representative assessments by the healthcare media.

Healthcare Workforce Solutions: Purchase Order that Solves Staffing Problems

Hospitals and health systems can meet their complex staffing challenges by looking

to an approach they already understand well in other parts of daily operations – knowing when to buy instead of build.
