

AMN Healthcare is Your **Allied Workforce Partner**

To meet the rising demand for allied health care services, your facility must be sufficiently staffed with skilled professionals that patients can depend upon. Staff turnover, absences, burnout and even facility expansion can lead to staffing vacancies that result in lost revenues and patient dissatisfaction. Furthermore, budget constraints make it challenging to recruit and retain skilled allied professionals.

This is where AMN Healthcare can help. We are the nation's innovator in healthcare workforce solutions. We provide permanent and travel staff to meet all of your allied health, nursing and physician needs. AMN also offers flexible travel options for your staffing needs that are less than 13 weeks. With more than 30 years of industry experience, we truly understand what it takes to staff your organization for sustainability and long-term success.
